

Wombat Newsletter

-February 2011-

Hello parents! Isn't it nice to see the sun for a change?! We enjoyed the winter weather, but are anxiously looking forward to spring. Although the winter weather kept us indoors a lot, we will plan on being outdoors more often now. Along that line, please be sure your child has appropriate outdoor clothing. ThInK sPrInG! :)

- Our Valentine's Day celebration was fun for all. The children enjoyed making valentine heart hats, which they then wore for our dance party. Thank you to all the parents that brought in treats. They were a big hit with the wombats.
- **Classroom changes:** We are expecting new shelving in our room soon. We are super excited! The shelves will be used to hold all the diapering supplies and our classroom books. This will help us organize our room in a more functional manner.
- **Transition Update:** In January and February, we said goodbye to Laura, Aiden, Tristan, and Braden. We know they are enjoying their new friends in the Little Rascal room. We have welcomed a couple of new Wombats to our room: Harmony and Adrian. It's always fun to make new friends.
- We have noticed lately that spitting and hitting are becoming more of an issue. We know this is a normal part of the children's growth, but in the interest of safety and good hygiene we are trying to keep this to a minimum. We would truly appreciate any support at home with these issues. Suggestions concerning behavior or anything else are always welcome!!!
We enjoy spending time with your children and look forward to many fun-filled days ahead!

Julie and Randee (wii and nanee)
